Hi, Francesca,

I have revised the draft OCSPP survey, based on our conversation this morning. It's now set up to look more like an actual survey. Also, we no longer have two tracks (one for those who deal with science and another for folks who don't deal with science).

Please let me know if you have comments.

Thanks!  
Marti

Hi, Francesca,

Based on our conversation yesterday afternoon, I drafted the OCSPP survey on scientific integrity. I included the questions that you had requested. I also added one question (it's number 8 in this file, but was number 14 in the OIG survey).

I assumed that you would like for this to be set up to have a short survey (for folks who don't deal with science) and a slightly longer survey (for folks who do deal with science).

To make it easier to find the questions on the OIG survey, I've attached the draft OIG report and here's the relationship between the OIG question number and the OCSPP question number:

Question Number in OIG Survey	Question Number in OCSPP Survey
2	1
3	2
4	3
6	4
7	5
12	6
13	7

14	8
11	9
46	10

Please let me know if you have comments or questions.

Thanks,  
Marti
